

DIRECTIONS AND PRODUCTS PRODUCING BY CLUSTER OF INTEGRATION TECHNOLOGIES RESIDENTS

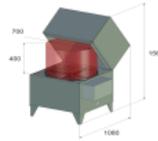

www.cit19.com

CIT directions

Automatic measurement and commercial calculation of liquid and gases

Automatic ablation of details

Automatic distant control of liquid and gases in pipelines

R&D and production of vacuum tanks

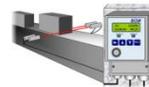

Automatic control over diesel-generator systems

Accounting of energy

Automatic gas fire suppression systems

Automatic accounting of goods

Perimeter security systems

3D visualization, augmented reality

Manufacturing of metal products

CIT products

Petroleum Products Transportation Control System for Tanker Trucks

Pipeline armature and valves

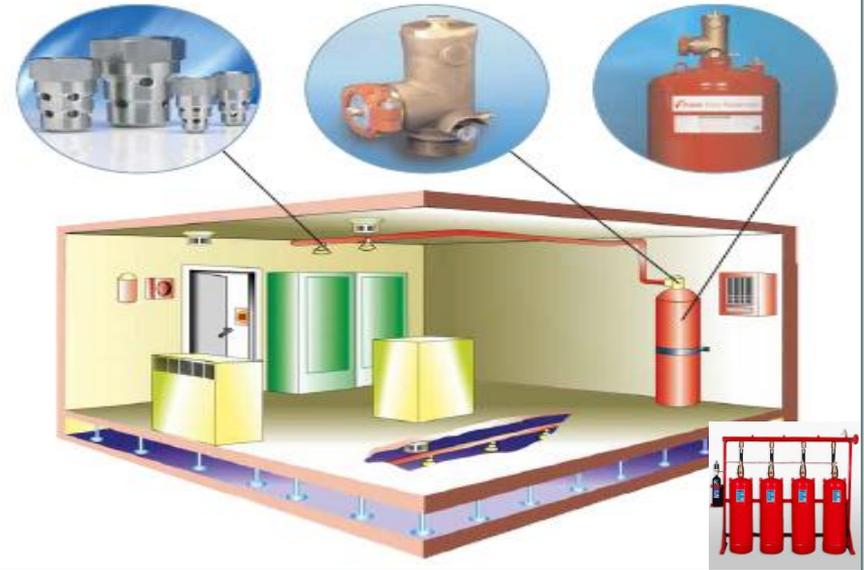

CIT products

The locomotive control system, the control system of diesel generator sets

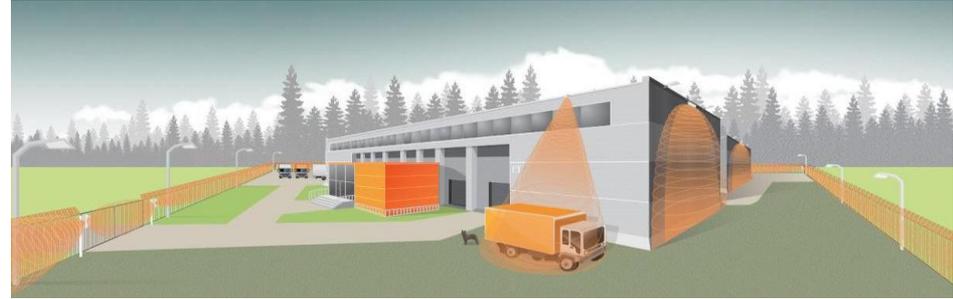

Automatic gas fire extinguishing system

CIT products

Perimeter security systems

CIT products

Vacuum tanks and landscape equipment

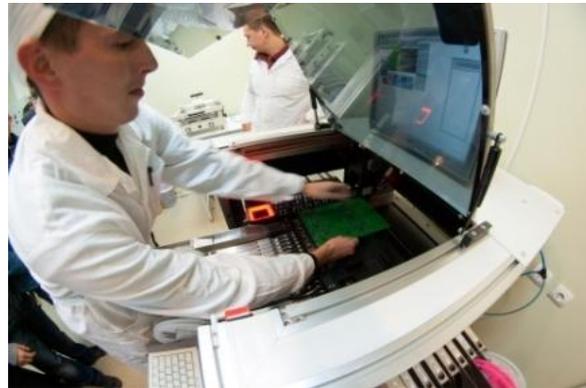

The production capacity of enterprises

DESIGN UNITS

MODERN PRODUCTION

The production capacity of enterprises

ASSEMBLY PRODUCTION

THE QUALITY CONTROL SYSTEM

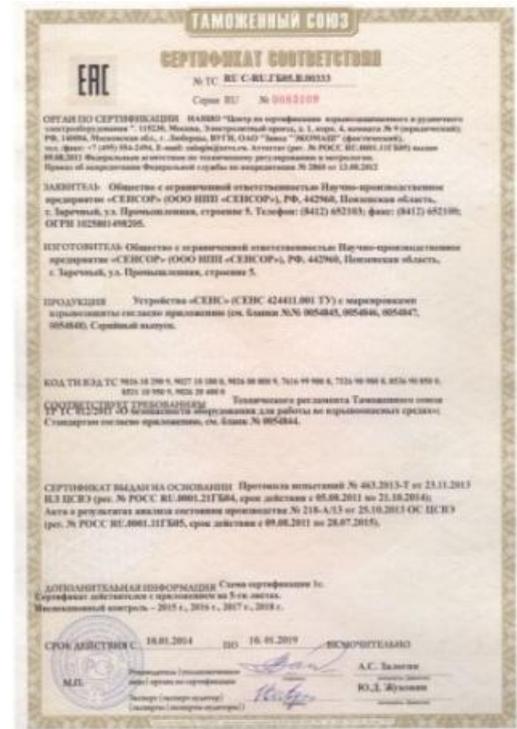

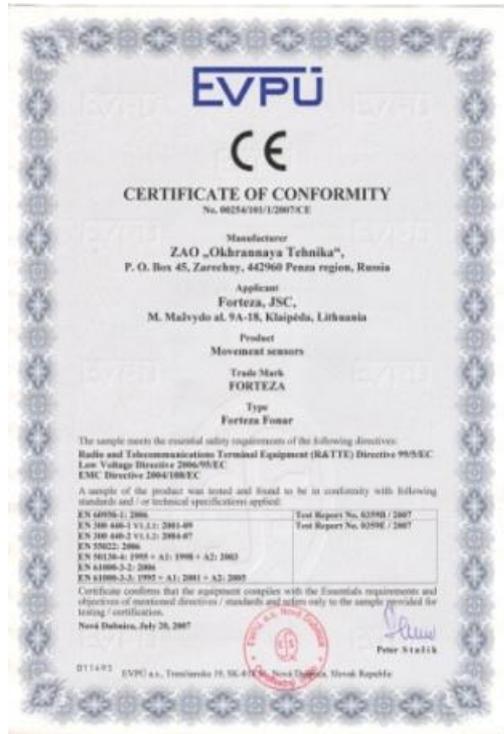

Licenses and certificates

ISO 9001: 2008

CE

EAC
